Details

- NIOSH Approved: N95
- FDA Cleared for use as surgical mask
- Helps protect against certain airborne biological particles

- Fluid resistant and disposable
- SKU: 70070612364 UPC: 50707387419429

This health care particulate respirator and surgical mask helps provide respiratory protection against certain airborne biological particles. It is disposable and fluid resistant to splash and spatter of blood and other infectious material.

This healthcare respirator is designed to help provide respiratory protection for the wearer. It meets CDC guidelines for Mycobacterium tuberculosis exposure control. As a disposable particulate respirator, it is intended to help reduce wearer exposure to certain airborne particles including those generated by electrocautery, laser surgery, and other powered medical instruments. As a surgical mask, it is designed to be fluid resistant to splash and spatter of blood and other infectious materials.

Features include:

- NIOSH approved N95
- Meets CDC guidelines for Mycobacterium tuberculosis exposure control
- FDA cleared for use as a surgical mask
- 99% BFE (Bacterial Filtration Efficiency) according to ASTM F2101
- Fluid resistant according to ASTM F1862
- Respirator contains no components made from natural rubber latex
- Collapse resistant cup shape design
- Braided headbands, cushioning nose foam, and light weight construction for comfortable wear

Suggested settings and applications: Operating Rooms, Clinics, TB Wards, Patient Care, Labor and Delivery, Infection Control Practices, Laboratory, emergency or pandemic preparedness planning, stockpiling, etc.

WARNING: These respirators help reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For proper use, see package instructions.

Details

- NIOSH Approved: N95
- FDA Cleared for use as a surgical mask
- Fluid resistant and disposable
- Flat-fold design and individual packaging
- Embossed top panel helps reduce eyewear fogging
- Sculpted top panel allows more room for eyewear
- Innovative chin tab for ease of positioning, donning, adjustment

This health care N95 particulate respirator and surgical mask has comfortable inner materials and helps provide respiratory protection against certain airborne particles. The individually packaged flat fold design allows for convenient storage prior to use.

This health care respirator is designed to help provide respiratory protection for the wearer. It meets CDC guidelines for M. tuberculosis exposure control. As a disposable particulate respirator, it is intended to reduce wearer exposure to certain airborne particles including those generated by electrocautery, laser surgery, and other powered medical instruments. As a surgical mask, it is designed to be fluid resistant to splash and spatter of blood and other infectious materials.

- NIOSH approved N95

- Meets CDC guidelines for M. tuberculosis exposure control FDA cleared for use as a surgical mask
- > 99 (omit:5)% BFE (Bacterial Filtration Efficiency) according to ASTM F2101
- Highest level of fluid resistance according to ASTM F1862 at 160 mm Hg
- Not made from natural rubber latex
- 3M proprietary filter media is designed for ease of breathing
- Soft nose foam and smooth inner materials feel comfortable against the skin
- Unique, three panel design fits a wide range of face shapes and sizes

Potential settings and applications may include: Operating Rooms, Clinics, TB Wards, Patient Care, Labor and Delivery, Infection Control Practices, Laboratory, emergency or pandemic preparedness planning, stockpiling, etc.

- Flat fold design offers convenient storage and portability
- Individual packaging helps protect the respirator from contamination before use
- Compatible with a variety of eyewear
- Sculpted top panel helps conform to nose and eye contours of the face allowing more room for eyewear
- Embossed top panel helps reduce eyewear fogging
- Sculpted nose panel helps improve field of vision
- Adjustable noseclip helps provide a custom, secure seal
- Innovative chin tab designed for ease of positioning, donning and adjustment

WARNING: These respirators help reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging.

Description

Kid-friendly Disney® characters add a sense of fun that helps them feel more comfortable with the idea of wearing a face mask.

The Centers for Disease Control and Prevention protocols for respiratory etiquette recommend that patients with undiagnosed respiratory symptoms wear face masks in waiting rooms. That means active pediatric practices and hospital admission or waiting areas should have a child-size mask available.

for kids. This was the first mask designed specifically to fit small faces. Understanding that adult masks don't provide the fit, comfort and protection children need, Halyard Health has the FIRST pediatric mask that meets FDA Guidelines for use with children. It's your clear choice for helping protect patients from colds, flu and other respiratory threats.

HALYARD* CHILD'S FACE MASK

Featuring Disney® Characters

THE FIRST MASK THAT MEETS FDA GUIDELINES FOR PEDIATRIC USE!

The Centers for Disease Control and Prevention protocols for respiratory etiquette recommend that patients with undiagnosed respiratory symptoms wear face masks in waiting rooms. That means active pediatric practices and hospital admission or waiting areas should have a child-size mask available for kids. We were the first company to design a mask specifically to fit small faces. Understanding that adult masks don't provide the fit, comfort and protection children need, Halyard Health now has the FIRST pediatric mask that meets FDA Guidelines for use with children. It's your clear choice for helping protect patients from colds, flu and other respiratory threats.

CHILD-SIZE FACE MASK WITH DISNEY® CHARACTERS MAKES PROTECTION FUN!

Kid-friendly Disney characters add a sense of fun that helps them feel more comfortable with the idea of wearing a face mask.

The HALYARD* Child's Face Mask Features:

- Colorful Disney characters on the mask and packaging
- Soft, lightweight materials for comfort
- Comfortable knitted earloops
- Formable nose wire for a custom fit on small faces

The HALYARD* Child's Face Mask is recommended for use by children who:

- Are immuno-compromised
- Have flu-like symptoms
- Are visiting hospital patients

Thumb loop

Color-coded neck

Know The Barriers Of Protection.

Levels of Barrier Protection – AAMI PB70:2012¹

Choose the right gown by matching the color on the neck binding to the AAMI level on the chart.

	🔥 LEVEL 1	💧 LEVEL 2	💧💧 LEVEL 3
Test	AATCC 42:2000	AATCC 42:2000	AATCC 127:1998
Requirements at 4% AQL	Water impact ≤ 4.5 g	Spray impact ≤ 1.0 g	Hydrostatic Pressure ≥ 20 cm
Anticipated Risk of Exposure	Low	Moderate	Moderate to High
